STATINTL

Dear [REDACTED]

We are indeed grateful to you for giving of your time and efforts to lecture at the Industrial College on "Industry in the Soviet Union."

The enthusiastic response during the question period and reports reaching me subsequently clearly testify that your presentation was certainly appreciated and very much enjoyed by the students.

The substance and tone of the lecture were exactly what we had hoped for. The practical wisdom which you presented to the students will inevitably provoke the kind of thinking among them which our course of instruction contemplates.

Thank you again for your valuable contribution to our educational program.

Sincerely,
